DENTALEXPO23

DENTALDOKTORN donates their ambulance to "Blåljus i samverkan" for transportation to Ukraine. The handover will take place at the exhibition on November 17th at stand A14:23-25 at 2:00 PM.

Join us in contributing at the same time!

We need financial contributions for the ambulance's updates, such as off-road tires, software updates, fuel, travel expenses, etc.

We also welcome donations of mobile equipment, chairs/units, handpieces, dental technical motors/equipment, drills/diamonds, and more.

If you have small appliances and other smaller products, you can leave them at stand A14:23. If you want to leave larger equipment, you can contact Ulf Fredrik Stenberg - ulf@dentaldoktorn.se directly and he will make sure you get in touch with the right person at "Blåljus i samverkan".

What we already have in abundance and do not require are gloves and face masks.
